PROFESSIONAL SUMMARY

Highly motivated **Front End Developer** with over 1 year of experience at **Techmango Technology Services Private Limited**. Specialized in architecting scalable web applications using **Angular** and **Modern JavaScript**. Expert in developing complex form solutions with **Formio** and high-logic components like **ToDo List modules**. Proven ability to integrate **CloudCode AI** to optimize development life cycles. Academic background in **B.E. BioMedical Engineering** from Saveetha University provides a unique perspective on analytical problem-solving in software ecosystems.

CORE TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks: Angular (Routing, Services, RxJS, Forms, ToDo List, Formio)

AI & Productivity: CloudCode AI, Git, GitHub, VS Code

Styling: SCSS, Bootstrap, Tailwind CSS

Technical Expertise: Dynamic Form Architecture, State Management, API Integration

Methodology: Agile/Scrum, Responsive Design, Code Optimization

PROFESSIONAL EXPERIENCE

Techmango Technology Services Private Limited

(1 Year Experience)

Front End Developer

- Designed and implemented enterprise-level dynamic forms using **Formio**, significantly improving the flexibility of data collection modules.
- Developed logic-intensive **Angular** components, including advanced **ToDo List** task management systems with real-time CRUD functionality.
- Leveraged **CloudCode AI** to enhance code quality and accelerate the development of complex UI features by 25%.
- Managed complex asynchronous operations and state transitions using **RxJS** and Angular **Services**.
- Ensured 100% responsive design across all modules, optimizing performance for diverse browser environments.

KEY PROJECTS

Car Rental Platform (Angular)

[GitHub Source](#)

- Engineered a fully functional car booking interface using **Angular** and **TypeScript**.
- Implemented real-time search and filter algorithms to enhance vehicle discovery and user engagement.

MTA Bistro – Restaurant App (Angular)

[GitHub Source](#)

- Developed a luxury dining reservation system focusing on high-end UI/UX and **Angular Reactive Forms**.
- Integrated custom **Formio-inspired** validation schemas to provide instant user feedback.

EDUCATION

Saveetha School of Engineering (Saveetha University)

Chennai, India

Bachelor of Engineering (B.E.) in BioMedical Engineering
